

## CONTENTS

|  |            |
|--|------------|
| Bernardeta Dębska, Joanna Krasoń, Lech Lichołai<br><b>The evaluation of the possible utilization of waste glass in sustainable mortars .....</b>   | <b>7</b>   |
| Vache H. Tokmajyan, Arevshad A. Vardanyan, Armavir G. Galstyan<br>Nver A. Miqayelyan<br><b>The application of anti-filtering polymer mass to solve the water storage problem in highland regions .....</b> | <b>17</b>  |
| Ieva Andriulaitytė, Marina Valentukeviciene<br><b>Circular economy in buildings .....</b>  | <b>23</b>  |
| Marlena Anna Jurczak, Aldona Skotnicka-Siepsiak<br><b>Comparing the efficiency of evacuated tube and flat-plate solar collectors in real installation conditions .....</b>                                 | <b>31</b>  |
| Anca Constantin, Claudiu Ștefan Nițescu<br><b>Study into water hammer protection of a water supply duct in Movila Verde, Constanta .....</b>   | <b>39</b>  |
| Maciej Dobrzański<br><b>Ultrasonic cleaning of catalytic mass grains from a pressure filter .....</b>  | <b>45</b>  |
| Petr Lehner, Marie Hornakova, Petr Konecny<br><b>Limitations of FEM modelling of chloride diffusion when considering different parameters of binary and ternary concrete mixtures .....</b>                | <b>53</b>  |
| Zbigniew Respondek, Kacper Chęciński<br><b>Design and assembly errors in the realization of post-and-beam glass facades .....</b>  | <b>63</b>  |
| Lucie Malíková, Petr Miarka, Hana Šimonová, Barbara Kucharczyková<br><b>Deflection of an eccentric crack under mixed-mode conditions in an SCB specimen .....</b>  | <b>71</b>  |
| Joanna Agnieszka Pawłowicz<br><b>Computer-aided design in the construction industry - BIM technology as a modern design tool .....</b>   | <b>81</b>  |
| Olena Savchenko, Anna Lis<br><b>Economic indicators of a heating system of a building in Ukraine and Poland .....</b>  | <b>89</b>  |
| Mykola Kizyeyev, Valerii Soroka, Volodymyr Dovbenko, Olha Novytska, Serhii Protsenko<br><b>Energy auditing, certification and thermo-modernization of NUWEE buildings .....</b>                            | <b>95</b>  |
| Elżbieta Szafranko<br><b>Methodology for assessment of the cost effectiveness of simple energy efficient investments .....</b>   | <b>103</b> |

|   |            |
|---|------------|
| Volodymyr Shepichak, Vasyl Zhelykh  |            |
| <b>Analysis of the use of heating film in the heat supply of industrial premises.....</b>   | <b>113</b> |
| Damian Jończyk  |            |
| <b>Deflection estimation of glued laminated timber beams</b>  |            |
| <b>reinforced with CFRP fibre composites .....</b>  | <b>119</b> |
| Givi Gavardashvili, Edward Kukhalashvili, Inga Iremashvili, Shorena Kupreishvili,<br>Natia Gavardashvili, Lia Maisaia, Kate Dadiani |            |
| <b>Development of the debris flow control elastic barrage design methodology .....</b>  | <b>127</b> |
